

Clarinet Mentors Practise Planner

One Week Practise Planner

Week of: _____

My main fundamentals goal this week is to improve:

(Choose a goal here that improves one aspect of your overall performance - rhythm, tone, air support, finger technic, staccato, right hand position, altissimo, etc.).

In thinking of your fundamentals goal, what are a couple of short exercises you can do support improvement in this area. (This could be long tones, scales, looking a mirror while fingering, tonguing warm-ups etc):

1. _____

2. _____

The pieces of music I would like to learn this week are:

1. _____

2. _____

3. _____

You know how busy you are, so choose some pieces that fit your schedule. Of course, you will likely play music that is not on this list as well, but choose a focus that you are committed to. For your three choices, it could be three sections of one piece of music (ex. 1: bars 10 - 15, 2: Cadenza 3: Start 2nd mvt first 10 bars), or it could be three unique musical selections. You get to choose.
